Ship building scaffolds

Purchaser

North-German new building shipyard

J.H.K. service

Scaffolding

Venue

Papenburg, Germany

Project period

03/2017 – 04/2018

We received the order for scaffolds enabling module assembly and interior fittings by different crafts on a new ship. During the complete period of construction till undocking of the new ship, all crafts were supported by our specialists. Highest safety standards for the works of every craft also in high altitudes were as self-evident as the flexible assignment of our employees in a demanding time schedule.
